

Seminar

**Driven and Living Matter: Recent work
in my group**

Sriram Ramaswamy

TCIS, Hyderabad

My talk will summarise work done by my students, my colleagues and me recently at TCIS. Topics include active fluids, imitations of motility, and the role of shape in collective sedimentation.

Thursday, Oct 13th 2016

4:00 PM (Tea/Coffee at 3:45 PM)

Seminar Hall, TCIS
