

# Sawaal-Jawaab

## Conversations on Science

### Blueprint to bricks: DNA as a building block

Want to use DNA as a Lego block? Scientists are building ultra-small, super-sensitive gadgets using designer fragments of DNA as scaffolds, valves, alarms, switches, caskets and more.

Discussion leader: Professor Yamuna Krishnan is a leader in the use of nucleic acids as sensors and in nanotechnology. She is on the faculty of the National Centre for Biological Sciences, Bangalore

Sawaal-Jawaab is a series of conversations about current issues in science. The discussion will be initiated and led by a prominent scientist. Open to all ages and backgrounds. Come with your curiosity and questions.
