

Colloquium

Growing Giant Black Holes

Prajval Shastri

IIA, Bangalore

By deploying state-of-the-art technologies to study the far reaches of our universe, we have learnt that black holes are not only plentiful in the cosmos, but may play a key role in the evolution of galaxies like our own Milky Way. I will give an overview of what we understand about the largest heaviest black holes that we know.

Wednesday, Mar 13th 2019

2:00 PM (Tea/Coffee at 1:30 PM)

Auditorium, TIFR-H
